

Budget Consultation 2018/19

1. The Revenue Support Grant the Council receives from Central Government will decrease by 49% (£413,000) for 2018/19 to £417,000. By increasing its share of council tax in 2018/19 by £5, the Council would raise £241,000 (compared to no increase) to help to protect the services that improve your quality of life. To what extent do you support the Council increasing its share of council tax by £5 in 2018/19?

2. Some of the charges we make are for services that are discretionary and only used by some of our residents. These charges include our garden waste service, leisure services, car parks and our planning service. To what extent do you believe that these services should be paid for by the customers who benefit from these services rather than general council tax payers?

3. Over the last 3 years we have achieved more than £260 million of business investment into South Norfolk. We would like to know if you think we should re-invest a share of our business rate income to support our business community, for example investing in superfast broadband and infrastructure for economic development.
