We are always being made aware of scam phone calls, text messages and emails etc.

If you receive a fake message, forward the text, including phone number or company name, to 7726. It won't cost you anything and means your phone provider can investigate. If you responded to a scam text and provided your bank details, contact your bank immediately.

Spread the message about the Silent Solution so that people are aware. This could help to prevent abuse from happening. When dialling 999, if speaking or making an immediate sound would put you in danger, stay on the line and press 55 when prompted and the call will be transferred to the Police who will know it is an emergency call.

WHAT'S HAPPENING IN YOUR AREA?

The summer has seen a busy period seeing reports of arsons, anti social behaviour and speeding. We have been working with partner agencies to challenge these issues successfully issuing Community Protection Warnings and Community Protection Notices. These issues are now in decline with two properties recovered and successful charges for offences.

Now that the summer holidays are coming to an end and schools are open again the Safer Neighbourhood team will be concentrating on neighbourhood issues, drugs, speeding, anti social behaviour and rural crimes including arson and hare coursing. With the darker nights drawing in we recommend cycle lights are fitted along with bright clothing, and cycle helmets.

We wish you all a safe and happy autumn period.
